Size of Rolls	Shipping Weight lbs./Roll	Price per / Sq. ft
		Stucco Embossed
.020" x 36" x 36' Aluminum 1lb	140	6.20
.020 x 36 x 25' Aluminum 2lb	175	Inquire

ITW's Muffl-Jac® Lead free sound barrier jacketing is a special uni-composite film laminated to .020 Aluminum using a viscoelastic film adhesive. It provides reduction of noise levels radiated by piping and equipment. It is manufactured in rolls, or flat sheets.

Other gauges available on request.

NB. Not available with a hem or safety edge
